DETAILED ACTION

1. Applicant amendment filed on or about 11/29/06 has been considered and made of record.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Osteng. This rejection is set forth in prior Office Action, paragraph 9.

Response to Arguments

4. Applicant's arguments filed on 11/29/06 regarding claim 1 limitation have been fully considered but they are not persuasive.

Applicant argues that the reference fail to teach or suggest the process set forth in claim 1, such as inserting said ends into a connecting tube, and providing said tube with an outer layer of an explosive charge (see Remarks, page 9). The examiner disagrees because Osteng discloses every aspect limitations of claim 1, i.e., Fig. 3 of Osteng depicts the inserting cable ends into a connecting tube C as well as other limitations i.e., providing said tube C with an outer layer of an explosive charge, etc.,. Furthermore, it is noted that the rejected claim 1 is broader than argued because it does not require the connecting tube to be directly contacted the conductor strands as argued

by applicant (see "Remarks" page 9, paragraph 1). For above reasons, claim 1 remains final rejected

Regarding claim 2-13, these claims have been reexamined and found to be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. This application contains claim 14-20 drawn to an invention nonelected. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
